Diagram A shows a rectangular object with a width of 5'-0" and a height of 5'-0". The object is centered within a larger rectangular frame. The distance from the top edge of the object to the top edge of the frame is 8'-0". The distance from the bottom edge of the object to the bottom edge of the frame is 5'-0".

Diagram B shows a rectangular object with a width of 5'-0" and a height of 4'-0". The object is centered within a larger rectangular frame. The distance from the top edge of the object to the top edge of the frame is 8'-0". The distance from the bottom edge of the object to the bottom edge of the frame is 5'-0".

Figure 1 consists of three separate diagrams, each showing a rectangular object with dimensions. The top dimension is 3'-4" and the bottom dimension is 3'-0". The left dimension is 7'-2" and the right dimension is 7'-0". The diagrams are arranged horizontally and show the object from different perspectives or stages of construction.

Technical drawing of a kitchen island showing top and side elevations.

Top Elevation:

- Overall width: 6'-0"
- Central section labeled "MARLITE".
- Left section labeled "REFRIG".
- Four "EQ." (Equipment) labels are positioned along the bottom edge.
- Overall depth: 2'-0"

Side Elevation:

- Overall height: 3'-0"
- Countertop thickness: 1 1/2"
- Backsplash height: 3'-0"
- Soffit height: 1'-0"
- Toe space: 2'-0"

TYPICAL NOTES:

1. PLASTIC LAMINATE CONSTRUCTION CASEWORK (COLOR BY TENANT)
2. STANDARD METAL WINE PULL (COLOR BY TENANT)
3. PROVIDE ALTERNATE FOR SOLID SURFACE COUNTERTOPS
4. FIELD VERIFY ALL DIMENSIONS PRIOR TO FABRICATION
